

PIN Code for Mob App

You can setup a 4 to 6 digit pin code to logon to SafetyMinder on the mob app:

1. From the Main Menu select Settings.
2. Select Security

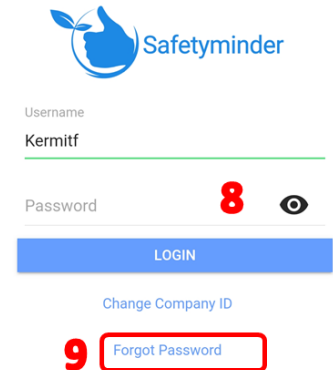

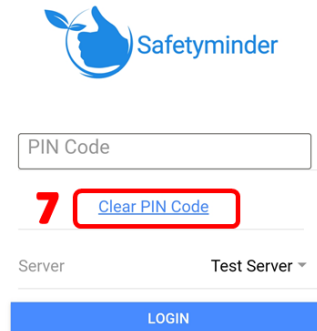

3. Type in the same PIN Code into both fields.
4. Click 
5. Type in your current password
6. Click 

If you have forgotten your PIN Code for the mobile app:

7. Click on [Clear PIN Code](#)
8. This will return you to the logon screen where you can enter your password again.
9. If you can't remember your password you can click [Forgot Password](#) on the logon screen.

Or contact the office to have it reset in the [web app](#).

NOTE:

- If you "Logout" of the SafetyMinder mobile app your pin code will be cleared out.
